For Commissioner

FRANK WICKERHAM IS SAFE

Monongahela Man Gets Nomination  
For Sheriff by Plurality of 111  
Votes—Heffran's Plurality Over  
Britton is Over 1,000.

John O. Watson received the Republican nomination for county commissioner with Thomas Hill, present commissioner by a plurality of 59 votes over T. C. Luellen of Beallsville his nearest opponent. In the Democratic county commissioner fight A. P. Barnum, present commissioner, lead the ticket and won the nomination, together with Horn of Washington.

In the primaries several hot contests were waged, but none of them bore the general interest that the commissioner fight did. Frank Wickerham won the nomination for sheriff with 111 votes to the good. Charleroi helped him out considerably, he being the leading vote getter for that office here.

Figures given out Wednesday on the Irwin-Clark contest for judge proved rather inaccurate but the fact remains that Irwin received almost 70 per cent of the total vote cast. Thus his name will be the only one to go on the ballots at the general election.

Totals in the county for the various offices were as follows:

## CIRCUS HERE ENJOYED TO FULLEST EXTENT

Barnum and Bailey Circus Best and Cleanest Attraction That Ever Visited Charleroi--Leaves For Butler

With a list of attractions that could not be duplicated by any other concern in the world the Barnum and Bailey circus appeared here Wednesday, playing to immense crowds afternoon and evening. The only thing to detract from the general interest was the cool weather, but apparently even this did not spoil the ardor of the crowd.

The Barnum and Bailey shows contain the very best there is to be had in the entertainment line including practically everything from the acrobatic line, trained animal performance and bareback riding to the best vaudeville. The funniest clown work ever with the best equipment for fun making was to be seen. Then nowhere else in the world would you find, for instance, bears riding bicycles or roller skating than with the Barnum and Bailey circus. Trapeze performances were wonderful. Worth the price of admission alone was the living statuary.

One of the inspiring spectacles was

the first, it being the entrance of "Lal-la-Rookin" in representation of a supposed entrance into India. With the usual Indian accompaniments in the way of music and noise making the parade was continued the direct of the big tent. Music was an enjoyable feature of the big show the band being of the finest quality.

All the way through the Barnum and Bailey shows were of the cleanest nature. Objectionable features, so far as could be learned, were entirely eliminated and wonderfully pleasing clean entertainment substituted instead. One of the cleanest bits of comedy acting that carried with it surprising ability on the part of the performers at bareback riding was one of the features in the center ring. The clown work of a dwarf was an enjoyable feature.

The Barnum and Bailey circus came from Connellsville in its first visit here. After the night performance the tents were quickly folded and departure taken for Butler where two shows will be given today.

## MONONGAHELA ENGAGES IN HOT CONTEST FOR MAYOR

The fight for mayor of Monongahela at the primaries developed into one of the prettiest races ever run in the history of the city. Samuel P. Yoke being high man with a total of 310 votes and Alexander McVicker and F. A. Underwood running in almost a dead heat.

Up until the last minute the nomination of a second man was in doubt. But the final count shows that McVicker secured just one vote more than Underwood, which qualifies him for the election in November. Harry B. Hayden who was expected by his friends to be a nominee, made an excellent fight landing 287 votes.

## GASOLINE TAKES ANOTHER JUMP IN PRICE; AUTOISTS SUFFER

Necessary Now to Pay 18 to 20 Cents Per Gallon for Grade That Formerly Cost 15 to 17

The cost of living for owners of automobiles is on a further increase. During the last three weeks the price of gasoline and naphtha has advanced one cent a gallon each week and according to dealers and oil refiners, further increases in the near future are likely to be made. High grade gasoline which three weeks ago sold at 15 to 17 cents a gallon, could not be purchased Wednesday for less than 18 to 20 cents a gallon. A similar advance was made for gasoline and naphtha of lower gravity standards. In recent advances are said to have been caused by light production and the heavy demand.

Damaged Awarded  
In the suit of Omar E. Fox against the Westside Electric Street Railway company a claim for damages for right of way, the report of the viewers has been filed. They award the plaintiff \$125. The land affected is a tract in Fallowfield township.

## PROF. DANIEL COMPLETES FRIDAY CONCERT PROGRAM

A rehearsal will be held tonight for the festiveness to be given in honor to Miss Norma Bosson at the high school auditorium tomorrow night. One of the features of the recital will be the sextet from Lucia di Lammermoor to be sung by Misses Ethel Hawthorne and Isabel Dorbritz and Messrs. Warren Kinder, Doss T. James, Charles Dobson and Prof. I. T. Daniel. The complete program has been prepared by Prof. Daniel and will include several individual numbers by well known local talent. The complete program will be printed in tomorrow's issue of the Mail.

## HAZZARD FILES ACCOUNT OF EXPENSES; GIVES TO CHARITY

Vernon Hazzard, Republican candidate for the nomination for district attorney, among those that fell in Tuesday's battle is the first to file his expense account. He expended \$267.24, and has unpaid obligations to the amount of \$98.45. He received no contributions. His money was paid out in advertising, traveling expenses, donations to charity, etc. He gave the Donora Republican club \$15 and paid one watcher \$10.

Notice to Parents.  
The Bathing Beach will be open until further notice, but no guards will be in attendance. All parents are notified that children go bathing at their own risk.

Ryland is Nominated.  
Paul Ryland is the Republican nominee for auditor, according to the vote at the primaries Tuesday. No names of candidates were on the ballot, so the "efficiency" system was followed. John H. Clutter is the Democratic nominee.

## ERRORS SOMEWHERE CAUSE MANY INNOCENTS TO LOSE THEIR VOTES

ISAAC M'GIRR, NOTED MAN OF  
BEALLSVILLE DIES AT HIS HOME

As Violinist and Artist Well Known  
Washington Caution Won Much  
Attention in Early Life

Isaac McGirr, aged 87, who years ago was noted as a violinist and whose pen and pencil drawings attracted attention is dead at his home in Beallsville. As a violinist he was well known in musical circles in New York a half century ago. Among the men who praised drawings made by Mr. McGirr were Henry Ward Beecher, Horace Greeley, Daniel Webster, Washington Irving, William Cullen Bryant, Henry W. Longfellow, James Fenimore Cooper, Ole Bull and Stephen C. Foster.

Mr. McGirr was a student of Ole Bull. Although he weighed only 125 pounds when in his prime Mr. McGirr possessed wonderful strength and repeatedly won jumping and running contests. He actually is known to have hoisted a barrel of cider to his shoulder and drunk from the bung-hole. About 1870 Mr. McGirr gave up his career as a violinist to return to his old home near Beallsville because his parents were becoming aged and needed him. He always attributed his long life to his simple living.

## BARNUM AND HORN WIN NOMINATION

Democrats Name Allenport  
Man and Amwell Man  
For County Commissioner

## FIGHT ON AT ELECTION TIME

A. P. Barnum of Allenport and E. C. Horn of Amwell township are the Democratic nominees for county commissioner, over Joe T. S. Cowen of Roscoe, Dr. T. M. Fadis of Charleroi and W. D. Brightwell of Washington.

The board of commissioners must be composed of two Republicans and one Democrat or two Democrats and one Republican. Hence there will be another fight at the general election in the fall. Naturally enough the Republican candidates will be expected to win. But after that there will be a contest between Barnum and Horn. Barnum, who is a present member of the board of commissioners is a popular man and at the present time would naturally be picked as a winner. In 193 out of 145 precincts the total vote for the Democratic nomination for commissioners was as follows:

Barnum ..... 767  
Brightwell ..... 1607  
Cowen ..... 837  
Horn ..... 1265  
Fadiss ..... 948

Reports From All Over  
County Show That There  
Was General Trouble

CHARLEROI VOTERS SUFFER

Mistakes Made Either by Registry  
Assessors or Transcribing Clerks  
In Preparing Poll Books for Several  
Precincts—Judge Gives Advice.

Through mistakes in registration or in the transcribing of the poll books at the county seat a considerable number of voters in Charleroi and at other points in the county lost their votes on Tuesday. Judge Irwin was besought to grant a ruling in one or two points where the facts were known but his statement simply that nothing could be done at the late hour to rectify whatever mistakes had been made.

In practically all Charleroi precincts stories were told of mistakes. The same condition of affairs is said to have obtained at North Charleroi and other points in the county.

In the fourth precinct here it is believed that fully 25 votes were lost through mistakes. Some of the most serious mistakes related to the lack of names on the poll books where positive assurances were given that citizens had been registered. Mistakes in enrollment proved quite common. It would seem, and two or three cases are told about where a Republican was registered as a Democrat or vice versa and one Republican was found registered even on the Socialist ticket.

One source of error it is stated was made by registry assessors at one point in the county in placing a D over a crossed out R, designating Democrat instead of Republican, where a change was desired. Clerks found it impossible to correctly interpret the registry assessor's hieroglyphics, it would seem and some people lost their ballots.

One judge of election calls attention to the necessity of both registry assessors and citizens watching the registering in the future. He advises every citizen to see to it personally that his name is on the poll book under the proper party name.

## SIXTH STREET ORDINANCE TO BE CONSIDERED BY COUNCIL

An ordinance for the paving of Sixth street between Crest and Meadow avenues is to be considered by council at an adjourned meeting tonight. Another ordinance that may come up will be that establishing the grade of Long alley between Eighth and Eleventh streets. Sixth street may be paved this year.

Small Fire on Hill  
A slight fire occurred at the home of Dixon Leluen at Shady avenue and Twelfth street Wednesday before noon. Several shingles of the roof were burned. The fire department made a quick run to the place.

## THE WORK TO BE DONE

Now that the primary elections are over the way plans must be made to carry on the general election campaign a little over a month in the future.

While the three phases of the campaign are certain to take on state and national importance, the issues which are to be dominant in the coming Presidential contest will be delayed during the pending contest, and after the November election, the contest for a successor to President Wilson will be demanding the attention and interest of all the people.

The foreign war has done much for the Democrats of this country. It has opened mills where deadly munitions of war are made and has given to a comparatively few manufacturers generous prosperity but it has not brought back to this country the prosperity which Democracy blighted. There are many factories to be opened aside from those manufacturing munitions of war. There is a prosperity of a general and a substantial kind to be restored. Business activity is to be regained and industrial confidence is to be re-established and finally and of most importance Democracy is to be permanently retired.

For the next year or so the Republic of Pennsylvania will be busy. The country will appreciate their efforts in bringing back the good, old Republican times.

The parole system for convicted criminals, while inspired by humanitarianism, may be overdone in the opinion of the Washington Observer.

A young man, 22 years old, killed a 17-year-old girl in Pittsburgh, Kas., two years ago, and was sentenced to thirty years in the penitentiary. He was transferred from the penitentiary to the reformatory against the protest of officials who were familiar with the case and after serving a year and a half he was paroled and is now back in Pittsburgh. But the people of that city very naturally resent his return. They are unable to see how the blood of the little girl has been washed so speedily and easily. As an eminent New York judge recently remarked: "It should always be borne in mind that mercy to the wicked is often oppression to the good."

There is bound to be disappointment in some circles with Tuesday's voting and the majority of Tuesday's confident candidates are naturally the most bitter of all. It is human nature that they should feel bitter. But time is a great healer and there is nothing in the world like cheerful acceptance of a defeat. The wise thing for defeated candidates to do now is to lead their cohorts again into the fight. It is the support of the successful, not the ability to gracefully accept defeat, that characterizes the true leader.

The beauty of the primary system has been proven. Never before has there been such a complete situation in county politics as existed within the last few weeks and no one could guess with any degree of certainty the probable outcome up to primary day. One may have just as good a chance of election as another. Thus is the primary law a good one. It provides a means for the election of the ablest candidates and puts party affairs on an equitable basis.

No national or even state issues of grave importance are at stake in

the fall political campaign, yet so far it has been one of the hottest the county has known. Electioneering is done with the politeness and courtesy which is characteristic of the West.

The Pa. National Guard, which must be a part of any army, is on your list whom you are going to encourage to win. You want to live a dignified life. A little encouragement will do it. It is the management of the campaign that is the key to the success of the candidate.

## PICKED UP IN PASSING

Several twelve wheeling in Washington, D. C., last summer, were picked up in passing by a motorist who was driving a car.

"This cottage," the agent said impressively, during the signing of the lease, is just a stone throw from the station.

"Good," said the man. "That will give us something to do on the long summer evenings."

"Yes," said the agent with a puzzled smile. "Yes? How so?"

"It will give us something to do," I said on summer evenings," the man explained. "We can sit on the front porch and throw stones at the train."

—Milwaukee Free Press.

Among the passengers on a train on a one-track road in the middle west was a talkative jewelry drummer.

Presently the train stopped to take on water and the conductor neglected to send back a flagman. An express came along and before it could be stopped bumped the rear end of the first train.

The drummer was lifted from his seat and pitched head first into the seat ahead. His silk hat was jammed clear down over his ears.

He picked himself up and settled back in his seat. No bones had been broken. He drew a long breath straightened up and said:

"Well, they didn't get by us, anyway."

## Electric Sparks

Many a man is a back number who thinks he is up to date.

Ladies' skirts according to the latest fashion edit are to be 10 inches from the ground. As nearly as we are able to judge this should put them somewhere in the neighborhood of a stylish girl's knees.

The kaiser says women should wear hobble skirts because it saves cloth. He might adopt the American style of chopping off the bottoms and save still more.

## O EVANS MIKESSELL PLEDGES HIS SUPPORT TO ALEXANDER

To the Republican voters of Washington county:

I desire to acknowledge through The Mail my sincere appreciation for the splendid support I received in the contest for county treasurer on Tuesday last, to extend my congratulations to Dr. W. H. Alexander on his victory. I pledge him my heartiest support at the fall election and will be found in my accustomed place in the ranks for the entire Republican ticket, as nominated. I have a fellow sympathy for those candidates who were defeated. I shall take the result philosophically and without any feeling of bitterness or disappointment.

I am, very truly yours,

O. Evans Mikesell.

When a man gets to be 100 years old he ought to be able to do a little more.

## AUTO WRECKED BUT THE DRIVER IS NOT HURT

Accident Occurs at Speers, Where Dr. A. B. Shinn Has Narrow Escape From Serious Injury—Hit by Street Car.

Dr. A. B. Shinn, of Speers, was not hurt and Dr. Shinn's car was not damaged from serious injury Wednesday evening when a street car was struck by a street car. The accident occurred on the street crossing and the refusal of the street car driver to stop promptly.

The street car was struck by a street car and a buggy. The street car was struck by a street car and a buggy. The street car was struck by a street car and a buggy.

At this juncture a street car approached a motorist. Before the brakes would work the railway car struck the automobile. It carried the machine 20 or 30 feet. Dr. Shinn's light arm was caught between the machine and car and he was bruised, but not seriously hurt. The machine was wrecked, parts being strung along the tracks for a distance of about 50 feet.

## MINER IN HOSPITAL WITH HIS SKULL BADLY CRUSHED

Tony Tobolka a Slovak miner is a patient at the Charleroi-Monessen hospital as the result of severe injuries he received at the Acme mine at Bentleyville. He was caught in a fall of slate and his skull mashed until he is now in dangerous shape.

Wednesday evening an attaché of the Barnum and Bailey shows was taken to the hospital suffering with a fractured limb. He was getting cars in position on a siding when he was caught in some manner so that a leg was broken twice.

## J. J. UNDERWOOD EXPLAINS HOW HE WAS DEFEATED

T. J. Underwood, defeated candidate for the Republican nomination for sheriff, can explain how it happened. In the first place his name, Tom J. Underwood, contains 13 letters. The license plate on his yellow campaign car is number 113. On Friday, August 13, 1915, in his yellow car, he ran over and killed a black cat and with him in a car was a candidate, who is also numbered among the "also rans." Besides all this 113 voters signed his petition.

Controller Underwood says he has for sale one large electric sign or will agree to store it for four years.

## ORLADY AND HEAD ARE JUDICIAL CANDIDATES

Scattering returns from all sections of the state indicate that Judge Or Lady and Judge Head candidates for re-election to the superior court were nominated by large pluralities with a possibility that they received more than 51 per cent of the total vote necessary to elect. From the meager returns available it appears that J. Henry Williams of Philadelphia has been nominated for the vacancy to succeed President Judge Rice who declined a renomination. Judge W. D. Wallace of New Castle, however, polled a large vote.

## CORONER HEFFRAN IS GRATEFUL FOR SUPPORT

I am extremely grateful to the voters of Washington county for the splendid support given me at the Tuesday, especially when I realize that it was impossible for me to make any complete canvass of the county. The river districts stood by the nobly and it was in a large sense due to their support that I was victorious in securing the nomination for coroner. As it will be impossible for me to meet and thank every one who voted for me I take this means of public expressing my gratitude.

## BUSTLE AND THE HOOP SKIRT HERE—HONEST

Madame Ripley Tells What is the Latest Fashion in Chicago at Opening of Autumn Fashion Show—Back to the Eighties.

"Yesterday women long and slender. Today she is short and thick. Tomorrow she will develop in the fourth dimension and the future holds for her the fashion of the future."

"It is only a raid on the 1880 period," continued Madame Ripley. "The bustles and hoop skirts of our grandmothers with a few modern interpretations. Today the world goes out in the fashion of the 1880s. The fashion show at Chicago Monday."

"What's become of the clinging dress the short dress, the swagger dress and all the dresses that have been the rage last year?" asked a mere man.

"They remain in a manner," answered Mme Ripley. "The waists of the new dresses are tighter than ever. In fact they are as tight as possible. Form-fitted, we call them. And the waist line is higher and smaller. But the dress is full. Full-skirted, hooped if desired, bustled in the back if wished and panniered on the sides if so inclined. Not exactly the 1880 hoop, but the 1880 effect. A very interesting arrangement."

## IRWIN WILL HAVE ALMOST 70 PER CENT OF TOTAL VOTE

With all but a few scattering precincts in from the entire county, the election of Judge Robert W. Irwin is assured with almost 70 per cent of the total vote cast.

The totals of the vote for judge on districts heard from stand:

Irwin ..... 7707  
Clark ..... 4694  
Irwin's plurality over Clark ..... 3013

## Why Not Select Your Guest?

"I wish people who haven't minds of their own would come to a realizing sense of the bother that they are to their friends and would develop a little initiative on their own account," said a man who had been entertaining a visitor to dinner. "Maybe it's only a mistaken idea of politeness, but anyhow it's a nuisance to be entertaining a person at the club and have him utterly without ideas as to what he wants to eat and drink. You ask him and he says he'll leave it to you, which is exactly what you don't want him to do. How can you divine his tastes, I'd like to know? What appeals to you, very likely won't to him, and you know and he knows it. But your selections from the menu are always met with the comment, 'That's very nice, or you couldn't suit me better. And so you go through the meal in a hit-or-miss fashion that certainly gets on the nerves of the host. The next time I run up against that kind of man, I'm just going to sit back and let him do the entire ordering.'"

## Injustice to Children.

One of the tragic injustices of which a great multitude of parents are guilty even in this age, is the bending of children to their will through the power of fear. There is a large class of parents who are positively brutal with their little ones. A child quickly comes to understand reason, if reason is applied. He is keenly receptive to truths, and to right ways of doing things. He deserves to have mysteries explained to him. He is entitled to legitimate reasons when he is told that he must not do certain things. It is unfair to insist that he must not commit some act solely because papa tells you not to. The child should be taught not to be afraid.—Mother's Magazine.

## Noninjurious Coffee.

A treated coffee called "atoxicafe" has been described to the French Therapeutic society as ordinary coffee freed from certain digestion-disturbing products formed during roasting. These products, to be known as cafeotoxin, are volatile, but are only partially volatilized in the roasting, and are removed by first exposing the roasted coffee under a vacuum and then submitting to steam at a pressure of several atmospheres. The treated coffee, retaining its caffeine unaltered, is unchanged except in having less of the substance found to be really the source of its chief harmfulness when used in excess.

### ORDINANCE

An ordinance granting unto the WEST PENN ELECTRIC COMPANY, its successors and assigns, the right to enter upon, use and occupy the public streets, lanes, alleys and highways of the Borough of Dunlevy, in the County of Washington and State of Pennsylvania, for the purpose of erecting, maintaining and operating a system of distribution of electric light, heat and power to such persons, partnerships and corporations as may desire the same.

BE IT ORDAINED AND ENACTED by the Town Council of the Borough of Dunlevy, and it is hereby ordained and enacted by the authority of the same.

SECTION 1. That the right and privilege is hereby granted to The West Penn Electric Company, its successors and assigns, to erect, construct, maintain and operate in, upon and under streets, alleys, lanes, ways and public places of the said Borough of Dunlevy, County of Washington, State of Pennsylvania, poles, guys, wires, transformers, and any and all other apparatus and materials necessary, needful useful and convenient in the transmission of electricity in and through the said Borough, for the purpose of supplying light, heat, power, or any of them, and for such other purposes as electricity is now or may hereafter be used in and through the said Borough.

SECTION 2. That such poles, wires, cables and apparatus as hereinabove provided for shall be erected so as to interfere as little as possible with the ordinary and customary use of the streets, lanes, alleys and highways of the said Borough; provided that the location of the poles and the general supervision thereof shall be subject to the regulation of the Borough Council. If, however, any poles or fixtures so erected are found to interfere with public improvements, the said Company shall, upon being notified by said Borough, remove and relocate at its own expense such poles or fixtures from the objectionable place to a more suitable location. And, provided further,

**THE WORK TO BE DONE**

Now that the primary elections are over, the way is clear for the general election. It is a little over a month in the future.

While the three places on the superior court bench are the only places for state offices to be filled this fall, the campaign is certain to take on state and national importance. The issues which are to be dominant in the coming Presidential contest will be developed during the pending contest and after the November election, the contest for a successor to President Wilson will be demanding the attention and interest of all the people.

The foreign war has done much for the Democrats of this country. It has opened mills where deadly munitions of war are made and has given to a comparatively few manufacturers generous prosperity out it has not brought back to this country the prosperity which Democracy blighted. There are many factories to be opened aside from those manufacturing munitions of war. There is a prosperity of a general and a substantial kind to be restored. Business activity is to be regained and industrial confidence is to be re-established and finally and of most importance Democracy is to be permanently restored.

For the next year or so the Republic of Pennsylvania will be busy. The country will appreciate their efforts in bringing back the good, old Republican times.

The parole system for convicted criminals, while inspired by human sympathy, may be overdone in the opinion of the Washington Observer. A young man, 22 years old, killed a 17-year-old girl in Pittsburgh, Kas., two years ago, and was sentenced to thirty years in the penitentiary. He was transferred from the penitentiary to the reformatory against the protest of officials who were familiar with the case and after serving a year and a half he was paroled and is now back in Pittsburgh. But the people of that city very naturally resent his return. They are unable to see how the blood of the little girl has been washed so speedily and easily. As an eminent New York judge recently remarked: "It should always be borne in mind that mercy to the wicked is often oppression to the good."

There is bound to be disappointment in some circles with Tuesday's voting and the majority of Tuesday's confident candidates are naturally the most bitter of all. It is human nature that they should feel bitter. But time is a great healer and there is nothing in the world like cheerful acceptance of a defeat. The wise thing for defeated candidates to do now is to lead their cohorts again into the fight. The support of the successful candidates to gracefully accept defeat characterizes the true politician.

The beauty of the situation has been proven. Never perhaps was such a complex situation in county politics as existed during the last few weeks and no one could guess with any degree of certainty the probable outcome up to primary day. One man has shown as good a chance of election as another. This is the primary law of politics. It provides a means for the election of the ablest candidate and puts party affairs on an equitable basis.

No national or even state issues of importance are at stake in

the fall political campaign, yet it is the people of the county who know the truth, with the primaries over, the people will decide the issue.

It is a point always to have some one on your side whom you are going to encourage to win. It is a point to have a good ally. A little management will bring you a good ally. It is a point to have a good ally. It is a point to have a good ally.

**PICKED UP IN PASSING**

Senator Lodge was making a Washington visit last summer when he was picked up in passing. He was in a cottage there last summer to please his wife. "This cottage," the agent said impressively, during the signing of the lease, "is just a stone throw from the station." "Good," said the man. "That will give us something to do on the long summer evenings." "Yes," said the agent with a puzzled smile. "Yes? How so?" "It will give us something to do," he said on summer evenings, the man explained. "We can sit on the front porch and throw stones at the trains!" —Milwaukee Free Press.

Among the passengers on a train on a one-track road in the middle west was a talkative jewelry drummer. Presently the train stopped to take on water and the conductor neglected to send back a flagman. An express came along and before it could be stopped bumped the rear end of the first train.

The drummer was lifted from his seat and pitched head first into the seat ahead. His silk hat was jammed clear down over his ears. He picked himself up and settled back in his seat. No bones had been broken. He drew a long breath straightened up and said: "Well, they didn't get by us, anyway."

**Electric Sparks**

Many a man is a back number who thinks he is up to date. Ladies' skirts according to the latest fashion edit are to be 10 inches from the ground. As nearly as we are able to judge this should put them somewhere in the neighborhood of a stylish girl's knees.

The kaiser says women should wear hobble skirts because it saves cloth. He might adopt the American style of chopping off the bottoms and save still more.

**O EVANS MIKESSELL PLEDGES HIS SUPPORT TO ALEXANDER**

To the Republican voters of Washington county: I desire to acknowledge through The Mail my sincere appreciation for the splendid support I received in the contest for county treasurer on Tuesday last, to extend my congratulations to Dr. W. H. Alexander on his victory. I pledge him my heartiest support at the fall election and will be found in my accustomed place in the ranks for the entire Republican ticket as nominated. I have a fellow sympathy for those candidates who were defeated. I shall take the result philosophically and without any feeling of bitterness or disappointment. I am, very truly yours, O. Evans Mikesell.

When a man gets to the end of his rope, he is sure to find a way to make it.

**AUTO WRECKED BUT THE DRIVER IS NOT HURT**

Particular Accident Occurs at Speers. Where Dr. A. B. Shinn Has Narrow Escape From Serious Injury—Hit by Street Car.

The narrow escape of Dr. A. B. Shinn from a serious injury was averted on Wednesday evening when his machine was struck by a street car. The accident was a peculiar one due to unusual breaking of traffic at the Speers crossing and the refusal of the street car driver to work promptly.

Dr. Shinn, who called the crossing following a walk, and a buggy, was standing near the corner when the machine was struck by a street car. He was not seriously hurt. The machine was wrecked, parts being strung along the tracks for a distance of about 50 feet.

At this juncture a street car approached in charge of Motorman George Alfred. Before the brakes would work the railways car struck the automobile. It carried the machine 20 or 30 feet. Dr. Shinn's right arm was caught between the machine and car and he was bruised some, but not seriously hurt. The machine was wrecked, parts being strung along the tracks for a distance of about 50 feet.

**MINER IN HOSPITAL WITH HIS SKULL BADLY CRUSHED**

Tony Tobotka a Slavok miner is a patient at the Charleroi-Monessen hospital as the result of severe injuries he received at the Acme mine at Bentleyville. He was caught in a fall of slate and his skull mashed until he is now in dangerous shape. Wednesday evening an attaché of the Barnum and Bailey shows was taken to the hospital suffering with a fractured limb. He was getting cars in position on a siding when he was caught in some manner so that a leg was broken twice.

**T. J. UNDERWOOD EXPLAINS HOW HE WAS DEFEATED**

T. J. Underwood, defeated candidate for the Republican nomination for sheriff, can explain how it happened. In the first place his name, Tom J. Underwood, contains 13 letters. The license plate on his yellow campaign car is number 113. On Friday, August 13, 1915, in his yellow car, he ran over and killed a black cat and with him in a car was a candidate, who is also numbered among the "also rans." Besides all this 113 voters signed his petition. Controller Underwood says he has for sale one large electric sign or will agree to store it for four years.

**ORLADY AND HEAD ARE JUDICIAL CANDIDATES**

Scattering returns from all sections of the state indicate that Judge Or Lady and Judge Head candidates for re-election to the superior court were nominated by large pluralities with a possibility that they received more than 51 per cent of the total vote necessary to elect. From the meager returns available it appears that J. Herry Williams of Philadelphia has been nominated for the vacancy to succeed President Judge Rice who declined a renomination. Judge W. D. Wallace of New Castle, however, polled a large vote.

**CORONER HEFFRAN IS GRATEFUL FOR SUPPORT**

I am extremely grateful to the voters of Washington county for the splendid support given me at the fall election, especially when I realize that it was impossible for me to make any complete canvass of the county. The river districts stood by me nobly and it was in a large sense due to their support that I was victorious in securing the nomination for coroner. As it will be impossible for me to meet and thank every one who voted for me I take this means of public expressing my gratitude. James T. Heffran

**BUSTLE AND THE HOOP SKIRT HERE—HONEST**

Madame Ripley Tells What is The Latest Fashion in Chicago at Opening of Autumn Fashion Show—Back to the Eighties.

"Yesterday women wore long and white. Today they are short and thick. A bustle and hoop skirt was a thing of the past. The future holds nothing we can fashion," Mrs. Anna Ripley, dressmaker, advised with a smile at the opening of the autumn fashion show at Chicago Monday.

"It is only a raid on the 1880 period," continued Madame Ripley. "The bustles and hoop skirts of our grandmothers with a few modern interpretations. Today the world goes out in the fashion. Art League of America that the bustle has returned. Not the old, heavy bustle, but a more delicate conception. Rather a bustle effect. I should say, contained in the dress itself. Likewise the hoop skirt has returned. The new fashions are the fashions of three and a half decades ago, slightly altered and improved."

"What's become of the clinging dress the short dress, the swagger dress and all the dresses that have been the rage last year?" asked a mere man.

"They remain in a manner," answered Mrs. Ripley. "The waists of the new dresses are tighter than ever. In fact they are as tight as possible. Form-fitted, we call them. And the waist line is higher and smaller. But the dress is full. Full-skirted, hooped if desired, bustled in the back if wished and panned on the sides if so inclined. Not exactly the 1880 hoop, but the 1880 effect. A very interesting arrangement."

**IRWIN WILL HAVE ALMOST 70 PER CENT OF TOTAL VOTE**

With all but a few scattering precincts in from the entire county, the election of Judge Robert W. Irwin is assured with almost 70 per cent of the total vote cast. The totals of the vote for judge on districts heard from stand: Irwin .....7707 Clark .....4094 Irwin's plurality over Clark .....3613

**Why Not Select Your Guest?**

"I wish people who haven't minds of their own would come to a realizing sense of the bother that they are to their friends and would develop a little initiative on their own account," said a man who had been entertaining a visitor to dinner. "Maybe it's only a mistaken idea of politeness, but anyhow it's a nuisance to be entertaining a person at the club and have him utterly without ideas as to what he wants to eat and drink. You ask him and he says he'll leave it to you, which is exactly what you don't want him to do. How can you divine his tastes, I'd like to know? What appeals to you, very likely won't to him, and you know and he knows it. But your selections from the menu are always met with the comment, 'That's very nice,' or 'you couldn't suit me better.' And so you go through the meal in a hit-or-miss fashion that certainly gets on the nerves of the host. The next time I run up against that kind of man, I'm just going to sit back and let him do the entire ordering."

**Injustice to Children.**

One of the tragic injustices of which a great multitude of parents are guilty even in this age, is the bending of children to their will through the power of fear. There is a large class of parents who are positively brutal with their little ones. A child quickly comes to understand reason, if reason is applied. He is keenly receptive to truths, and to right ways of doing things. He deserves to have mysteries explained to him. He is entitled to legitimate reasons when he is told that he must not do certain things. It is unfair to insist that he must not commit some act solely because papa tells you not to. The child should be taught not to be afraid.—Mother's Magazine.

**Noninjurious Coffee.**

A treated coffee called "atexicafe" has been described to the French Therapeutic society as ordinary coffee freed from certain digestion-disturbing products formed during roasting. These products, to be known as cafetoxin, are volatile, but are only partially volatilized in the roasting, and are removed by first exposing the roasted coffee under a vacuum and then submitting to steam at a pressure of several atmospheres. The treated coffee, retaining its caffeine unaltered, is unchanged except in having less of the substance found to be really the source of its chief harmfulness when used in excess.

### REWARD OFFERED FOR CAPTURE OF BANDITS

Guarantee Company Investigating Robbery of Pittsburg Railways Office at Washington--Tracing Down Clues.

C. A. Smiley special agent for the United States Fidelity and Guarantee company of Baltimore, Md., arrived in Washington Wednesday to investigate the robbery of the Pittsburg Railways company office at the corner of Main and Beau streets which occurred early Thursday morning, September 9. The street car office was insured against burglary with the company represented by Mr. Smiley. After some inquiry into the robbery Mr. Smiley decided to offer a reward of \$100 for the arrest and conviction of the men implicated in the raid on the street car office. With the exception of one or two very slender clues there is absolutely nothing to work on to ascertain the identity and whereabouts of the bandits.

One clue that is being traced down by the detectives is that of a woman, who, on the day following the robbery visited a Washington bank with a large sum of money in small denominations which she wished to have changed to larger bills. So far this clue has led to nothing definite.
